EDUCATION

Bachelor of Science - Information Technology

(2020 - 2023)

Pillai HOC College of Arts, Science & Commerce - [CGPA - 9.3/10](#)

- Project: Cabify Drivers App (Uber Clone) [Link](#)

I developed the Cabify Drivers App, a feature-rich cab booking platform inspired by Uber. The app allows users to book rides seamlessly while providing drivers with real-time ride requests, navigation, and earnings tracking.

[Tech Stack:](#)

- React Native – Built a cross-platform mobile application with a smooth Frontend.
 - AWS Server – Ensured scalable and secure cloud-based backend services.
 - MongoDB – Managed real-time data storage and retrieval efficiently.
-
